

RUNNING WATER FAST

Breaks Track Record in Winning Ramapo Stake.

MILLER RIDES CLEVER RACE

Favorite Was Rated Along Behind Sharp Pace Until the Stretch, When the Mare Collared Hot Toddy and Won by a Length and a Half. Backers Win on Favorites.

New York, Oct. 18.—Running water, the Newcastle Stable's good mare, carrying too weight, was victorious in the Ramapo Handicap for three-year-olds, one mile and a furlong, at Belmont Park today. She was the heavily backed favorite at 7 to 1, with generous support for Hot Toddy, 4 to 1; 2nd, Ramapo, 7 to 1; and Guiding Star. Shaw took Hot Toddy to the front for a bit of sharp pace-making. Miller kept Running Water within striking distance, however, and after withstanding a rush by Nealon, the Sir Dixon mare collared Hot Toddy in the stretch, beating him home by a length and a half in 1:51 4-5, a new record for the track. Nealon was third, eight lengths away. Four favorites got the money. The summaries:

FIRST RACE—For three-year-olds and upward; one mile; selling. Welborne, 35 (Homer), 3 to 1; John Lee, 10 (Miller), 5 to 1; second, Hot Toddy, 10 (Nealon), 4 to 1; third, Ramapo, 7 to 1; fourth, Guiding Star, Shaw took Hot Toddy to the front for a bit of sharp pace-making. Miller kept Running Water within striking distance, however, and after withstanding a rush by Nealon, the Sir Dixon mare collared Hot Toddy in the stretch, beating him home by a length and a half in 1:51 4-5, a new record for the track. Nealon was third, eight lengths away. Four favorites got the money. The summaries:

DALZELL'S CARD LOW

Chevy Chase Player Wins Qualification Round

IN COLUMBIA GOLF TOURNEY

Wind and Rain Mar the Opening Day of the Sport on the Brightwood Links—Lee Harban and F. H. Ellis Turn in Second Best Scores. Many Ties to Be Played Off.

RAIN SPOILED SHOOT.

Samuel Dalzell, of the Chevy Chase Club, with a gross score of 85, won the qualification round, eighteen holes, of the Columbia Club tournament, yesterday afternoon. Eighty-five is thirteen points above bogie for the Columbia course, and while it was just about as good as anyone could have made under the miserable weather conditions. A northeast wind drove heavy rain over the links during every minute of play, and it is remarkable that so many of the golfers played the course. Of the ninety-four entrants, sixty-nine or more played. Some did not play in cards, and therefore, two-thirds of those entered engaged in the sport.

Part of Mr. Dalzell's game was brilliant. With a strong wind to drive through, he was fortunate in taking the more difficult holes in but a stroke or two over bogie. He took four straight holes in three, and the last three required fifteen strokes, which showed how the elements turned his game. The seventeenth hole required three strokes over bogie, which was the hardest one he had to play.

Dr. Lee Harban, the winner of many trophies in local tournaments, turned in an 87-card, which was equalled by F. H. Ellis, of Chevy Chase. A. W. Tilghman, of Philadelphia, one of the few visiting golfers, had the honor of playing fourth best golf. E. S. Duval ranked fifth, and five were tied for the next position.

Ties to Be Played Off.

In making the pairings for today's play, the green committee decided that all tie scores should be played off this morning before 10 o'clock. The victims of this early pilgrimage to the links today are as follows: Morrow, Lafferty, Lard, Eynon, and McKinley are to play off the 35-16 score, two men to go in the first sixteen and three in the second; Heaton, White, Harrison, and Woodruff got caught in the 101 tie, and the best three of these go in the second sixteen and the other in the third; Thurston, Johnston, Sterrett, and Heap will figure in the 109 tie, two to go in the third flight and two in the fourth. In the event that any of these tied players fail to report before 10 o'clock they will be set back.

The Columbia members are very much pleased at the large turnout of local as well as out-of-town players, for the weather was discouraging to even the most ardent lover of the sport. With better weather to-day and to-morrow this tournament should rank higher than any previous one of this popular club.

Qualification Round.

Pittsburg, Pa., Oct. 18.—The Union Trust Company, of this city, one of the wealthiest and most prominent banks in the State, attempted to railroad a case through the courts yesterday afternoon without any knowledge of it reaching the public.

It was the case against C. B. Wray, the former teller of the bank, and C. S. Hixton, the former individual bookkeeper, who, between them, robbed the bank of a sum which the bank officials admit reached \$250,000, and which it is generally believed will be more than double that amount.

When the robbery was discovered officials of the bank succeeded in suppressing all information relative to the matter in the newspapers of Pittsburg, although it was published everywhere else. The same tactics were adopted to keep the fact that the case was being tried from the public.

Promise to Secure Pardons.

Yesterday, while a jury was retiring, Wray and Hixton were ushered into the prisoner's dock, being brought from the jail and kept waiting all the opportunity after the retiring of the jury, the case against the men was called. There are eight counts of embezzlement and misdemeanor against each of them, and if they are sentenced to anything like the limit, they will be in the penitentiary for the remainder of their days.

Both Hixton and Wray had made confessions and promises were brought to bear upon them to plead guilty with the assurance that if they did, they would save themselves from a long term in the penitentiary. The bank officials would afterward endeavor to secure pardons for them.

Before the attorneys assembled in the courtroom or any one else, for that matter, knew what was coming off, the two men had pleaded guilty and were then hurried from the courtroom and back to their cells in jail.

An attempt was then made to secure the court order, but possession was finally secured of them.

Lost All They Stole.

Hixton and Wray will be sentenced tomorrow afternoon, and will undoubtedly be given long terms. In their confessions they laid bare the plan by which they had robbed the institution, in spite of its own auditors and the State auditors, both of whom were made to believe that their accounts were all right. The scheme is said to be an entirely new one, and so easily worked that its own simplicity saved it from detection.

It was to save the disgrace of having the public know how they were hoodwinked that the bank prevented any disclosure of the matter. Wray got the biggest end of the cash, taking his own as well as Hixton's share to invest in the stock market.

They commenced their work by taking a six-month venture that they undertook was a failure, and the employees lost every cent of their ill-gotten gains with the brokers, with the exception of what Wray spent on high living. The parents of both of the boys were dependent upon them and are left almost destitute.

Henry C. Frick and Senator P. C. Knox are directors in the institution.

SUTTON DEFEATS SLOSSON.

Chicago Man Wins the 182 1/2 Pound Championship.

New York, Oct. 18.—A brilliant championship fight changed hands to-night in Madison Square Garden, when George Slosson, of Chicago, defeated George Sutton, of New York, for the 182 1/2 pound title and the emblem and coin that go with it. The score was 50 to 45, and for a greater part of the contest Sutton was the victor.

There was one time, however, when Slosson was ahead, he having spurted and passed Sutton. Slosson's advantage was brief, for in the tenth inning Sutton cut loose for one of his favorite big runs. By a great deal of counting at close range, admirably driving for position and occasional use of the balk-line, he prodded the balls for an obese cluster of 30, and that was the turning point in the game. He was not headed again, and finished strong with runs of 37, 56, and 42.

There were many double-figure runs in the game. Sutton, having nine in his sixth inning, and Slosson ten in his fifth. Slosson, when asked after the game whether he would challenge Sutton for the 181 1/2 pound championship, replied: "No, I am through with championship contests at a particular time. Tonight was my farewell appearance. I shall play in no more championships, either matches or tournaments."

Had Been Promised Big Salary.

The man was dead when the ambulance from Roosevelt Hospital got there. He had put the tube in his mouth so that there should be no slip in his plans, but had forgotten to close the window. That was one reason why there was a day or two of gas when Mrs. Fleischmann came. She had detected it on her way through the hall, but the gas meter leaks somewhat now and then, and she laid the odor to that.

Hard times had come to Best. He was an actor in the West before he came on here, and a rather good one, Mrs. Fleischmann was led to believe. He had told her that he had been engaged by the theatrical combine at a salary of \$150 a week, but when he arrived here a hitch developed in his plans, and he lost his good spirits. He received considerable mail, and Mrs. Fleischmann noticed that all his letters were marked "Return to Emma E. Best, Hillsboro, Ill."
